SUMMARY

A highly motivated and skilled Computer Engineering student with a strong background in full-stack web development, specializing in the MERN stack. Seeking an internship opportunity to leverage my technical skills and contribute to innovative projects

SKILLS

- ❖ **Programming Languages:** Java, C, Python
- ❖ **Frontend Technologies:** HTML, CSS, Javascript, Bootstrap, React, Tailwind
- ❖ **Backend Technologies:** Node, Express, EJS
- ❖ **Databases:** MongoDB, MySQL
- ❖ **Other Tools:** Git, Github, Postman, Docker, Kubernetes
- ❖ **Operating Systems:** Linux, macOS, Windows

EDUCATION

- ❖ Computer Engineering in AIML | PVPSIT CGPA: 8.99 | (Aug '22 - Present)
- ❖ XII (INTERMEDIATE) | NARAYANA JUNIOR COLLEGE 93.9% | 2022
- ❖ X | VIVEKANANDA ENGLISH MEDIUM HIGH SCHOOL 98.9% | 2020

ACADEMIC PROJECTS

- ❖ **Hotel Listing Platform with Interactive Map Integration - NextDestination**
 - Created a Node.js, Express.js and MongoDB web app for managing hotel listings with secure JWT authentication.
 - Implemented Mapbox API for automatic location mapping and Cloudinary for image storage, following MVC architecture for scalability.
 - **TECH STACK:** HTML, CSS, JavaScript (EJS templating), Node.js, Express.js, MongoDB, JWT (authentication), Mapbox API (location mapping), Cloudinary (image storage)

ACHIEVEMENTS

- Enhanced user experience by integrating Mapbox API, reducing manual input errors by 30%.
 - Enhanced application stability by implementing robust error handling in Node.js and Express.js, reducing runtime errors by 40%.
- ❖ **ChatApp**
 - Real-time messaging application using Socket.io for instant communication between users, built on the **MERN** stack and following MVC architecture.
 - **TECH STACK:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, React, Socket.io, JWT(authentication)
 - ❖ **News Website**
 - Responsive news website fetching and displaying articles using a News API.
 - HTML, CSS (custom styling), JavaScript (Vanilla JS), utilizes a News API for fetching articles.

ACHIEVEMENTS / HOBBIES

- Secured 2nd Place in Elocution Competition
- Enthusiastic Keyboard Player
- Listening to music
